ARTFUL COACHING, TRANSFORMATIONAL CONVERSATIONS

"THE AIM OF ART  
IS NOT  
TO REPRESENT THE  
OUTWARD  
EXPERIENCE  
BUT  
THE INWARD  
SIGNIFICANCE"

Through the use of Art led Coaching conversations Cheryl will take you on a truly Transformational journey to uncovering a deeper understanding of yourself, and those around you.

### Aristotle

Use art to explore what you see, connect it to what you already know, and expand your thoughts through curiosity into new ways of knowing, being and leading.

Cheryl is a self-taught artist whose Masters in Leadership was a deep autoethnographic study into the use of art as a portal to emotional expression by leaders in times of grief.

Through engaging in art as you walk on a coaching journey you will discover deeper clarity on who you are and how you see yourself in the world. It will connect your seeing and being, and in doing so, bring greater self-awareness, reflection, and transformation. As you see, so too the world sees you. As you see me, so too I see you.

If you would like a new way of learning, growing, and unlocking your transformation, contact [theGC.co](http://theGC.co) for some more information.
